New Petition: Broadway 27

10:32:35

P R O C E E D I N G S

10:32:35

10:32:35

ELIZABETH LINT: This is the meeting of  
the Pole and Conduit Commission, Thursday, April  
21, 2010. It's 10:05.

10:32:18

10:32:19

10:32:22

We're in the Michael J. Lombardi  
Municipal Building, 831 Massachusetts Avenue,  
basement conference room. Before you are the  
Commissioners Bill Dwyer and George Fernandes.

10:32:22

10:32:28

10:32:28

10:17:16

And you need to move to accept the  
minutes.

09:48:18

10:17:20

GEORGE FERNANDES: Yes.

10:17:23

Okay, motion to accept the minutes of the  
meeting?

10:17:24

10:17:28

WILLIAM DWYER: Seconded.

10:17:28

GEORGE FERNANDEZ: Motion to accept the  
minutes of the meeting from the previous meeting  
held on March 17. All in favor?

10:07:08

10:07:10

10:07:13

WILLIAM DWYER: Yes.

10:07:16

GEORGE FERNANDEZ: Yes.

10:07:17

MS. LINT: Lighttower Fiber Networks.

10:07:20

GEORGE FERNANDEZ: The first one is

10:07:27

Lighttower to install 1,196 feet of fiber cable in

10:07:29

Verizon conduit from manhole 26/595 located on

10:07:36

Cambridge Park Drive at the corner of Alewife

10:07:40

Station Access Road to Verizon manhole 30/271

10:07:45

Alewife Station Access Road located at

10:07:50

Cambridge/Arlington town line.

10:07:53

It is new fiber optic service to service

10:07:55

Forrester Research of Discovery Park in

10:08:18

Cambridge.

10:08:22

GEORGE FERNANDEZ: Do you have a license

10:08:26

from Verizon?

10:08:27

SCOTT JOHNS: I do.

10:08:29

Would you like to see it?

10:08:32

GEORGE FERNANDEZ: Yes, that will be

10:08:34

submitted.

10:08:35

MS. LINT: Did you put a copy in?

10:08:36

SCOTT JOHNS: I didn't put a copy in, but 10:08:38  
I can provide that. If you want to take a look 10:08:40  
at it( forwarding documents). 10:08:44

GEORGE FERNANDEZ: Is this going up Route 10:09:31  
2? 10:09:32

SCOTT JOHNS: Yep, going to Alewife 10:09:33  
Station Access Road up to the Route 2 off ramp to 10:09:37  
the northern entrance of the park. 10:09:39

GEORGE FERNANDEZ: Okay. That's good. 10:09:41

Any questions? 10:09:50

WILLIAM DWYER: No, I'm fine with 10:09:51  
everything on it. 10:09:53

Conditions will be permits, proper 10:09:54  
permits. And in coordination of other work that 10:09:57  
might be in the area. Public works is okay with 10:10:02  
everything. 10:10:05

GEORGE FERNANDEZ: Motion to approve? 10:10:05

WILLIAM DWYER: Seconded. 10:10:07

GEORGE FERNANDEZ: All in favor? 10:10:08

WILLIAM DWYER: Yes. 10:10:09

GEORGE FERNANDEZ: You are all set. 10:10:10

ELIZABETH LINT: Next one is you. 10:10:18

GEORGE FERNANDEZ: That's right. 10:10:26

Next item is installation of conduits for 10:10:54

new traffic signal pattern located at the 10:11:04

intersection of Cedar and Massachusetts Avenue. 10:11:04

This is for work that's being done by Mass 10:11:09

Highway for the City of Cambridge to extend the 10:11:13

Lexington Bike Trail through Cambridge and 10:11:17

Somerville. 10:11:21

Permits would be -- I believe they 10:11:31

already have. 10:11:34

WILLIAM DWYER: Right. 10:11:35

GEORGE FERNANDEZ: Construction ongoing. 10:11:35

Motion to approve? 10:11:37

WILLIAM DWYER: Seconded. 10:11:41

GEORGE FERNANDEZ: All in favor? 10:11:42

WILLIAM DWYER: Yes. 10:11:43

GEORGE FERNANDEZ: Next is NSTAR.

10:11:47

NSTAR Electric is next on the agenda.

10:11:57

Blackford (phonetic) Road at the intersection of

10:12:04

Huron Avenue for manhole 1925 install sidewalk

10:12:06

roadway antenna, work order 1780643.

10:12:10

MS. DUFFY: Just need the antenna, not

10:12:18

doing it on the pole.

10:12:20

GEORGE FERNANDEZ: In ground only?

10:12:22

MS. DUFFY: Yes.

10:12:22

MR. FERNANDEZ: I have no problem with

10:12:41

it.

10:12:43

Any questions?

10:12:43

WILLIAM DWYER: I don't think so.

10:12:44

GEORGE FERNANDEZ: It is in the sidewalk

10:12:46

on this one?

10:12:48

WILLIAM DWYER: We're okay with Public

10:12:50

Works. Conditions would be any city permits and

10:13:00

SPOF regulations that may apply.

10:13:05

ELIZABETH LINT: Somebody going to make a

10:13:10

motion?	10:13:19
GEORGE FERNANDEZ: Yes.	10:13:20
Motion to approve?	10:13:21
WILLIAM DWYER: Seconded.	10:13:22
GEORGE FERNANDEZ: All in favor?	10:13:23
WILLIAM DWYER: Yes.	10:13:26
GEORGE FERNANDEZ: Yes.	10:13:28
Next is Comcast.	10:13:28
This is for a trench for 155 feet in the	10:13:37
public way existing Comcast manhole in front of	10:13:51
10 Rogers Street including sidewalk at entry	10:13:54
point for 1 Rogers Street.	10:13:57
ANTHONY VATALARO: Correct.	10:14:03
GEORGE FERNANDEZ: There's no drawing	10:14:05
with this.	10:14:09
ANTHONY VATALARO: There isn't?	10:14:11
(Drawings provided.)	10:14:37
WILLIAM DWYER: Is this something the	10:14:43
other utility companies need to be notified of?	10:15:13

GEORGE FERNANDEZ: It is under your  
existing manhole?

ANTHONY VATALARO: It's coming out of our  
existing manhole. I believe Verizon and NSTAR  
are already there.

WILLIAM DWYER: Okay. We haven't had a  
chance to look at this.

The manhole is in the street?

ANTHONY VATALARO: Yes. It is closer to  
the corner of Land Boulevard and Rogers Street at  
the corner.

GEORGE FERNANDEZ: Do you have a conduit  
out of this manhole going the length of Rogers  
Street down to First?

ANTHONY VATALARO: Yes. It turns into --  
once it crosses over First Street, it's poles  
down there. It goes to a Verizon pole but it  
bypasss all of this.

WILLIAM DWYER: This is coming out of

Land Boulevard. The manhole is off Land 10:16:12

Boulevard? 10:16:14

ANTHONY VATALARO: Our service is in the 10:16:14

middle, in the island, the center island. It 10:16:17

comes up to the island turns up Rogers Street. 10:16:19

WILLIAM DWYER: Okay. 10:16:21

Is that where the parking garage is? 10:16:23

ANTHONY VATALARO: Yes, for the opposite 10:16:26

building. 10:16:27

WILLIAM DWYER: I see. 10:16:28

ANTHONY VATALARO: And condos over there. 10:16:30

WILLIAM DWYER: Okay. 10:16:32

GEORGE FERNANDEZ: Condos one side and 10:16:32

garage on the other. 10:16:34

WILLIAM DWYER: Maybe part of the 10:16:35

conditions I'll make if we can do an on-site 10:16:39

meeting just to confirm. 10:16:43

ANTHONY VATALARO: Yes. 10:16:47

WILLIAM DWYER: The best location for the 10:16:48

trench. 10:16:49

ANTHONY VATALARO: Okay. 10:16:50

WILLIAM DWYER: But everything else seems 10:16:51  
to be in place. 10:16:52

Are you okay with that, Commissioner? 10:16:53  
We can do that. 10:16:58

GEORGE FERNANDEZ: Yes, that's fine. 10:16:58

An on-site meeting with Public Works and 10:17:04  
Comcast prior to excavation. 10:17:07

WILLIAM DWYER: Yeah. 10:17:10

ANTHONY VATALARO: So will that come by 10:17:11  
email to set a date or ... 10:17:13

WILLIAM DWYER: Yes. Given the other 10:17:16  
conditions, city permits and SPOF regs as they 10:17:22  
apply. 10:17:29

ELIZABETH LINT: Okay. 10:17:31

GEORGE FERNANDEZ: Okay. 10:17:35

Motion to approve? 10:17:36

WILLIAM DWYER: Seconded. 10:17:38

GEORGE FERNANDEZ: All in favor?	10:17:39
WILLIAM DWYER: Yes.	10:17:40
GEORGE FERNANDEZ: Yes.	10:17:41
ANTHONY VATALARO: Thank you.	10:17:43
GEORGE FERNANDEZ: You want to be heard?	10:18:06
PHILLIPPE DESROSES: Yes.	10:18:16
GEORGE FERNANDEZ: Do you have your	10:18:19
information and maps?	10:18:20
PHILLIPPE DESROSES: I have sketches.	10:18:21
The first one is Waterhouse to talk to	10:19:33
you about, Bill, this morning.	10:19:37
WILLIAM DWYER: Yeah.	10:19:40
PHILLIPPE DESROSES: We have a run that	10:19:41
goes down Mass. Ave.	10:19:42
We have a new person doing the petition	10:19:45
now, she talked to Trisha, and she's going to	10:19:47
send the application. That's her first time	10:19:51
doing Cambridge, so ...	10:19:56
We have one that goes down Mass. Ave	10:19:57

towards Waterhouse and Concord Avenue to Garden Street and Garden Street to the hotel there and we plug on Garden Street almost 400 feet that we have to place conduit. Instead of doing that, that's going to be disruptive to Garden Street, I'm thinking a shorter one on Waterhouse from manhole to manhole.

The manhole is in front of the hotel. So instead of going down Concord Avenue and back off Garden, we just trench there on Waterhouse to get -- to feed the hotel there.

WILLIAM DWYER: Yeah.

GEORGE FERNANDEZ: So on Garden Street out of your manhole 287, you are going to abandon that? No?

PHILLIPPE DESROSES: No. We're coming down there. But we have a feed 287 to 288, you know, on the street and ...

GEORGE FERNANDEZ: Yeah.

PHILLIPPE DESROSES: And that whole  
section is plugged and bad.

And instead of doing that 400 feet, I'd  
rather do the shorter one on Waterhouse. And I  
think we have placed conduit before.

GEORGE FERNANDEZ: What happens with  
the -- with the part that's collapsed now?

PHILLIPPE DESROSES: There's an existing  
cable in there already.

GEORGE FERNANDEZ: You are going to leave  
it there?

PHILLIPPE DESROSES: Leave it for now.

GEORGE FERNANDEZ: In other words, what  
you are telling me is, you are going to come back  
and fix this.

PHILLIPPE DESROSES: Maybe when we get  
money.

GEORGE FERNANDEZ: Well, so now you run a  
new conduit, so you don't repair the old conduit

but you are going to come back and repair it 10:21:36

anyway. 10:21:38

PHILLIPPE DESROSES: They're gonna say 10:21:38

I'm gonna come back repair it for the town. 10:21:40

WILLIAM DWYER: What other conduit is in 10:21:45

that part -- in that formation? 10:21:48

Is it just one conduit or is it several 10:21:50

conduits in there that may be damaged? 10:21:54

PHILLIPPE DESROSES: I think we have 10:21:55

about three. They are full major runs. So we 10:21:57

got major big size, 900 pairs, 600 pairs in there 10:22:03

plus fiber cables. 10:22:07

But this is a rush to get to the circuit 10:22:10

for the hotel there. 10:22:13

I think it's probably faster than doing 10:22:15

Waterhouse. 10:22:18

WILLIAM DWYER: Would it be more 10:22:19

advantageous if all that conduit was repaired and 10:22:20

it could be used in case there was a need in the 10:22:24

future, as opposed to digging another trench and 10:22:27

leaving a conduit no good to anybody? 10:22:32

If you were to repair the formation, then 10:22:34

Verizon could actually rent out the available 10:22:36

conduit and make some revenue. 10:22:39

PHILLIPPE DESROSES: You probably can't 10:22:42

repair. You probably have to place a whole new 10:22:43

section. 10:22:47

GEORGE FERNANDEZ: You're doing that now, 10:22:48

but you are doing it on Waterhouse. 10:22:50

PHILLIPPE DESROSES: If you give me the 10:22:53

grant -- because the reason I was coming down 10:22:55

Waterhouse, you know, it is a very low traffic 10:22:57

there area. 10:23:02

But Garden Street you got the taxi stand, 10:23:02

major traffic area. And placing that conduit is 10:23:07

going to travel eastbound lane and -- not 10:23:11

eastbound. Westbound lane so there will be 10:23:15

traffic planned -- you know, somewhere down 10:23:18

Brattle Street or something if I have to take the whole lane.

WILLIAM DWYER: It's not that it hasn't been done before.

GEORGE FERNANDEZ: I just see it, that you are coming back and do Garden Street. You have to.

PHILLIPPE DESROSES: I can.

GEORGE FERNANDEZ: So just do it.

PHILLIPPE DESROSES: If you give me the permit. I just know it will be disruptive but we can do it.

WILLIAM DWYER: To repair all the -- replace all the damaged conduit I like that idea too.

I think that's more advantageous to the city than having new conduit and leaving the other damaged stuff in the street.

GEORGE FERNANDEZ: It is more difficult

traffic-wise, but I would rather see you repair  
that than call me in January and tell me you got  
Harvard Square out of service and you now need to  
dig up this conduit.

PHILLIPPE DESROSES: That one --

GEORGE FERNANDEZ: Because that's what's  
going to happen.

PHILLIPPE DESROSES: It goes to Berkley  
and then Longfellow. It doesn't go to Harvard  
Square. It goes towards Longfellow.

ELIZABETH LINT: We have very hopeful  
residents on Berkley Street.

PHILLIPPE DESROSES: Yes, I have heard  
them before.

WILLIAM DWYER: There's another dig  
coming up in the near future. I don't know how  
urgent this has to be.

PHILLIPPE DESROSES: This is very urgent.

The hotel needs the circuit between the

hotel has locations all over the world. I mean, 10:24:58  
if you give me Garden Street, I'll do the other 10:25:00  
street. 10:25:03

GEORGE FERNANDEZ: I would rather see you 10:25:03  
do Garden Street, repair it, and get it done. 10:25:05

PHILLIPPE DESROSES: A small one, free 10:25:08  
for you, sir. 10:25:11

GEORGE FERNANDEZ: We might be in there, 10:25:12  
in the Garden Street. I would really rather see 10:25:14  
it repaired than go the other way unless you want 10:25:21  
to do both. 10:25:23

PHILLIPPE DESROSES: We can do both if 10:25:25  
you give me the -- can I do Waterhouse first? 10:25:29

WILLIAM DWYER: No. 10:25:35

GEORGE FERNANDEZ: No. 10:25:36

Garden Street and then you do Waterhouse. 10:25:38

PHILLIPPE DESROSES: All right. No 10:25:42  
problem. 10:25:44

GEORGE FERNANDEZ: Because we do have a 10:25:47

line -- there's an electric line going -- 10:25:48

PHILLIPPE DESROSES: Wouldn't be able to 10:25:51

pull it anymore. 10:25:54

GEORGE FERNANDEZ: That will be an issue. 10:25:55

PHILLIPPE DESROSES: Yeah. 10:25:57

WILLIAM DWYER: So resubmit them, right? 10:25:58

GEORGE FERNANDEZ: Yeah, you should 10:26:13

resubmit and show us the repair for Garden Street 10:26:13

so we can approve that. 10:26:19

PHILLIPPE DESROSES: Uh-huh. 10:26:21

I have to wait for the next meeting to 10:26:22

get that done, right? 10:26:26

GEORGE FERNANDEZ: No. Why don't we just 10:26:27

accept the application to change the application 10:26:29

and we'll look at it when you send it to us. 10:26:31

PHILLIPPE DESROSES: Okay. 10:26:34

Can I start the work, though? 10:26:35

WILLIAM DWYER: You probably you need to 10:26:37

have a site meeting with the Verizon rep, maybe 10:26:38

the contractor, before we --

10:26:40

PHILLIPPE DESROSES: If we do this, it is  
like we are changing contractor on May 1st. If  
we just start next week, what time to meet the  
contractor.

10:26:42

10:26:46

10:26:49

10:26:55

WILLIAM DWYER: We need a site meeting,  
though.

10:26:55

10:26:57

GEORGE FERNANDEZ: We have to see what  
you are doing.

10:26:57

10:26:58

Are you on the right-hand side of the  
street?

10:26:59

10:27:01

PHILLIPPE DESROSES: Westbound, yeah.

10:27:02

GEORGE FERNANDEZ: Westbound.

10:27:05

PHILLIPPE DESROSES: Yeah.

10:27:07

GEORGE FERNANDEZ: So you are going to  
repair from this existing manhole that you are  
showing here?

10:27:08

10:27:11

10:27:13

PHILLIPPE DESROSES: The other one is  
right by the light.

10:27:14

10:27:16

GEORGE FERNANDEZ: Right at the intersection? 10:27:18

PHILLIPPE DESROSES: Yes. 10:27:20

WILLIAM DWYER: On the Concord Avenue branch? Or the Garden Street branch? 10:27:20

PHILLIPPE DESROSES: On Concord Avenue and Garden Street, right at the light there. 10:27:24

GEORGE FERNANDEZ: Okay. 10:27:25

So why don't we do that. We'll request that you change the existing application, send it to us, send it to Trisha and we'll get a site meeting and we can then you give the go-ahead. 10:27:35

PHILLIPPE DESROSES: Can I get a site meeting next week? 10:27:36

GEORGE FERNANDEZ: Should be able to. 10:27:40

PHILLIPPE DESROSES: I'll talk to her and make sure they are available for that. 10:27:45

There's a sketch there, which is a taxi stand. There's a taxi on 76 Hampshire, but we 10:27:52

10:27:57

10:27:58

10:27:59

10:28:00

10:28:03

10:28:06

10:28:17

are placing the fiber from Broadway up Windsor 10:28:27  
and then Market Street. 10:28:31

We have to get to the taxi place because 10:28:34  
we don't have any ring on Hampshire, so we have 10:28:37  
to come all the way from Broadway, Windsor, 10:28:40  
market, Bristol and back. 10:28:43

GEORGE FERNANDEZ: So your existing fiber 10:28:47  
is on Broadway? 10:28:49

PHILLIPPE DESROSES: Yes. The conduit 10:28:50  
goes from manhole on the corner of Broadway to 10:28:52  
first Verizon pole at the corner of Market 10:28:55  
Street. That's about 400 feet. 10:28:58

But pole 1 on Windsor is right in front 10:28:59  
of 250, like I show you right there. 10:29:03

So I will stay with the existing conduit 10:29:06  
for about 50 feet, and then cross -- go across 10:29:10  
Windsor to pole 1, Verizon pole 1. Pole 1 10:29:15  
already has CATV and NSTAR but there is room for 10:29:19  
us over there and it's guided too. 10:29:24

So instead of using 400 feet conduit, it 10:29:32  
is probably 120 feet. 10:29:35

GEORGE FERNANDEZ: So you have three 10:29:37  
risers on that pole right now? You are going to 10:29:38  
add the fourth? 10:29:41

PHILLIPPE DESROSES: Two Verizon, one 10:29:45  
Comcast. And that wouldn't be a problem to fix 10:29:47  
the existing one because we'll have that right 10:29:50  
there so we can go from pole 1 to pole 3 like 10:29:53  
everybody else. So if we don't fix the existing, 10:29:57  
there's no issue. 10:30:00

WILLIAM DWYER: The only conduit damaged 10:30:08  
is the first 100 feet or so out of the manhole? 10:30:09

PHILLIPPE DESROSES: No, the whole 10:30:12  
section. The manhole all the way from Market 10:30:13  
Street. 10:30:15

WILLIAM DWYER: What is in that formation 10:30:19  
that is existing? 10:30:20

PHILLIPPE DESROSES: Just CWD, 19. 10:30:21

GEORGE FERNANDEZ: 1940.

10:30:28

PHILLIPPE DESROSES: Right before I was  
born. Don't put that down.

10:30:29

10:30:31

GEORGE FERNANDEZ: In other words, you  
would not repair all that? You are going to take  
a new conduit back up to the first pole and if  
that cable goes on Market Street, you are going  
to do aerial from pole 1?

10:30:34

10:30:35

10:30:38

10:30:43

10:30:45

PHILLIPPE DESROSES: Ariel from there on.  
It's aerial all the way to the building.

10:30:47

10:30:50

GEORGE FERNANDEZ: Yeah, I got you.

10:30:52

He's just moving everything back one  
pole.

10:30:59

10:31:02

WILLIAM DWYER: Uh-huh. Okay.

10:31:02

GEORGE FERNANDEZ: Why don't we take  
Garden Street first, okay?

10:31:05

10:31:26

You have you have to resubmit the  
application to show the repair on Garden Street.

10:31:28

10:31:34

And that will be pending a meeting, site

10:31:36

meeting, to determine the construction and then	10:31:42
all necessary permits and SPOF fees will apply.	10:31:58
Is that good with you?	10:32:09
WILLIAM DWYER: Yes.	10:32:14
GEORGE FERNANDEZ: So motion to approve	10:32:16
for Garden Street?	10:32:19
WILLIAM DWYER: Seconded.	10:32:20
GEORGE FERNANDEZ: All in favor?	10:32:21
WILLIAM DWYER: Yes.	10:32:22
GEORGE FERNANDEZ: Yes.	10:32:23
ELIZABETH LINT: And that will go on the	10:32:24
next agenda for notification?	10:32:26
GEORGE FERNANDEZ: Yes.	10:32:29
The next one will be Broadway, manhole 77	10:32:33
to pole 1 on Windsor, then continuing aerial to	10:32:41
Brattle.	10:32:58
PHILLIPPE DESROSES: To Market. To	10:32:58
Market and Bristol.	10:33:00
GEORGE FERNANDEZ: Right. To Brattle and	10:33:05

Ambassador is where you are going? That's the	10:33:08
cab company you're feeding Brattle Ambassador	10:33:13
PHILLIPPE DESROSES: 76 Hampshire.	10:33:13
GEORGE FERNANDEZ: Right, at the corner	10:33:16
of Bristol Street.	10:33:17
PHILLIPPE DESROSES: Yes.	10:33:19
I forget the name.	10:33:23
GEORGE FERNANDEZ: Brattle Ambassador	10:33:24
Cab.	10:33:25
MS. LINT: Ambassador Brattle.	10:33:25
GEORGE FERNANDEZ: Ambassador Brattle	10:33:25
Cab. So then it goes aerial to Brattle	10:33:31
Ambassador Cab via Windsor to Market to Bristol.	10:33:36
Motion to approve?	10:33:42
WILLIAM DWYER: Seconded.	10:33:42
GEORGE FERNANDEZ: All in favor?	10:33:43
WILLIAM DWYER: Yes.	10:33:44
GEORGE FERNANDEZ: Yes.	10:33:45
The other --	10:33:46

ELIZABETH LINT: Any permits?

10:33:48

WILLIAM DWYER: City permits and SPOF

10:33:50

regulations will be apply.

10:33:52

Thank you.

10:33:57

GEORGE FERNANDEZ: You have his

10:33:58

application?

10:34:00

ELIZABETH LINT: No.

10:34:01

PHILLIPPE DESROSES: The lady who is

10:34:03

doing in my office she already took to Trisha, so

10:34:04

she'll send to Trisha.

10:34:07

GEORGE FERNANDEZ: Pending the Commission

10:34:15

receiving the application.

10:34:18

PHILLIPPE DESROSES: Thank you.

10:34:24

WILLIAM DWYER: Thank you. Good seeing

10:34:26

you.

10:35:48

ELIZABETH LINT: Are you adjourning?

10:35:48

GEORGE FERNANDEZ: Oh, yes. Meeting

10:35:54

adjourned.

10:35:56

WILLIAM DWYER: Seconded.

10:35:57

GEORGE FERNANDEZ: All in favor?

10:35:58

WILLIAM DWYER: Yes.

10:35:59

(Whereupon the meeting was adjourned at

10:38 a.m.)
